### Profile

I am a passionate and dedicated fourth-year Computer Science student at Masinde Muliro University of Science and Technology, with hands-on experience in modern web development. I completed a three-month Laravel certification at Parpus Limited Company, where I worked on real-world projects using Laravel and other web technologies. I've developed a personal portfolio website and am currently building a school management system. I'm eager to contribute to professional development teams and further enhance my skills.
